Classes of 1895-1898

In 1894, as times were very hard, it was voted to discontinue the high school and reduce the number of grade teachers. In 1895, the patrons of the Kinsley schools, seeing the mistake that had been made the previous year, voted a higher levy and instructed the board to employ the number of teachers necessary to maintain an efficient school system. W. J. Yeoman was employed as principal and reorganized the high school. By 1898, the

Kinsley High School course had been lengthened from two to three years. The first class to be graduated from the three years' course consisted of Misses Erma Swaney, Mabel Fulton, and Jessie Blanchard. Commencement exercises were held in the Methodist Church May 19, 1899.
